The eTwinning project, "Childhood Fairy Tales Through Images and Text" (2025/2026), brings together students from three partner countries: Romania, Jordan, and Turkey, to develop reading, art, and digital technology skills. This collaboration includes 49 students from Spiru Haret National College, Târgu Jiu, Romania. Over the course of 4 weeks, the children will work together to create a collective e-book in Canva, reinterpreting the stories of childhood. The final result will be published on TwinSpace, celebrating the creativity and intercultural learning of the over 70 participants.

POVEȘTI DE COPII PRIN IMAGINI ȘI TEXT

1. NE CUNOAȘTEM ȘI DESCOPERIM

În prima săptămână, am creat un Padlet unde ne-am prezentat ourselves and shared our favourite authors. It was a great way to learn more about our teammates and discover new books and stories from different countries. We realized that even though we come from different places, we all enjoy reading and using our imagination.

2. PERSONAJE INSPIRATOARE DIN POVEȘTI

În timpul celei de-a doua săptămâni, am ales a fairy tale character and wrote about their qualities. We reflected on the values they represent, such as courage, kindness, honesty, and perseverance.

This activity helped us think about the qualities we would like to develop in our own lives and inspired us to become better versions of ourselves.

3. CREAREA UNEI POVEȘTI ÎMPREUNĂ

Atunci, o femeie înțeleaptă pe nume Lina a făcut un pas în față și a examinat cu atenție poarta. Ea a observat că poarta era făcută din lemn obisnuit și nu avea nicio putere magică. Lina le-a spus sătenilor că adevărata fericire vine din bunăstare, muncă grea și prietenie, nu din cumpărarea unor promisiuni false. Ruspinat, negustorul a părăsit satul, iar oamenii le-au mulțumit lui Nicka, Ethan și Linei pentru că le-au protejat de această înșelătorie. (Sadeen)

Această poveste ne-a arătat puterea muncii în echipă și a creativității!

4. ÎNVĂȚAREA PRIN ETWINNING

Through this project, we learned much more than fairy tales. We improved our communication skills, shared ideas, respected different opinions, and worked together toward a common goal. We discovered that collaboration makes every project richer, more creative, and more enjoyable.

5. CE VOM PĂSTRA ÎN MINTE

This eTwinning experience taught us that stories can connect people from different cultures. We learned that imagination has no borders and that every team member brings something unique and valuable. Most importantly, we created friendships, shared memorable moments, and proved that great things happen when we work together.

Tări diferite, idei diferite, o singură călătorie magică... Together, we turned stories into friendships and imagination into unforgettable memories.
