Student Dialogues, Vocabulary, and Daily Routines on Padlet

eTwinning project 2025/2026

4 Partner Countries

Over 90 Children

49 student Spiru Haret National College, Targu Jiu Romania

The international eTwinning project "English Boost Buddies" is a successful collaboration between partner schools from four countries: Turkey, Romania, Lithuania and Italy.

Over four intensive months of activity, more than 90 students worked together in transnational teams to develop their English language skills and digital literacy.

From Spiru Haret National College Targu Jiu, Romania, the 25 students of the 10th grade participated with great enthusiasm, making a valuable contribution to the creation of shared materials and the success of the digital activities carried out throughout the project (such as grammar presentations and interactive dialogues).
